

# U2, In A Lifetime

Clannad

Hard to tell  
Or recognize a sign  
To see me through  
A warning sign

First the thunder  
Then the storm  
Torn asunder  
In the storm  
(bono

Satisfied  
If the past it will not lie  
The future, you and i  
Get blown away)

In a lifetime in a lifetime

And as the rain it falls  
Heavy in my heart  
Believe the light in you  
Faded and worn  
Torn asunder in the storm  
(bono

Begin again  
As the storm breaks through  
So the light shines in you  
Without color  
Torn asunder in the storm

Unless the sound has faded from  
Your soul  
Unless it disappears)

First the thunder  
Then the storm  
Torn asunder  
In the storm  
(bono:  
Selfish storm  
Hold on the inside  
One life  
In the storm)

In a lifetime  
In a lifetime  
In a lifetime  
In a lifetime
