

# U2, Invisible

It's like the room just cleared of smoke  
I didn't even want the heart you broke  
It's yours to keep  
You just might need one

I finally found my real name  
I won't be me when you see me again  
No, I won't be my father's son

I'm more than you know  
I'm more than you see here  
More than you let me be  
I'm more than you know  
A body in a soul  
You don't see me but you will  
I am not invisible

(That's right  
I'll be in the invisible world)

I don't dream, not as such  
I don't even think about you that much  
Unless I start to think at all

All those frozen days  
And your frozen ways  
They melt away your face like snow

I'm more than you know  
I'm more than you see here  
I'm more than you let me be  
I'm more than you know  
A body in a soul  
You don't see me but you will  
I am not invisible  
I am here

There is no them  
There is no them  
There's only us  
There's only us  
There is no them  
There is no them  
There's only us  
There's only us  
There is no them  
There is no them  
There's only you  
And there's only me  
There is no them
