

# U2, Lady With The Spinning Head

Here she comes  
Lady luck again  
Figure of eight  
Six and nine again

My lady with the spinning head

Whatever the deal  
She won't let me down  
Wherever I go  
She's always hanging 'round

My lady with the spinning head  
La la la la la la la la la la  
Lady with the spinning head  
La la la la la la la la la la  
Lady with the spinning head

She's been gone  
But I knew she'd be back  
She's got the rent  
She put me in the black

The lady with the spinning head

Took my mind  
Took away my car  
Do you dare to ask  
What I'm talking about

I'm on top  
When she's around  
She's my ticket  
Out of town

La la la la la la la la la la  
Lady with the spinning head  
La la la la la la la la la la
