

# U2, Lemon

Lemon

See through in the sunlight  
She wore lemon  
But never in the daylight  
She's gonna make you cry  
She's gonna make you whisper and moan  
And when you're dry  
She draws her water from the stone

And I feel  
Like I'm slowly, slowly, slowly slipping under  
And I feel  
Like I'm holding onto nothing

She wore lemon  
To colour in the cold grey night  
She had heaven  
And she held on so tight

A man makes a picture  
A moving picture  
Through the light projected  
He can see himself up close  
A man captures colour  
A man likes to stare  
He turns his money into light to look for her

And I feel  
Like I'm drifting, drifting, drifting from the shore  
And I feel  
Like I'm swimming out to her

Midnight is where the day begins  
Midnight is where the day begins  
Midnight is where the day begins

Lemon  
See through in the sunlight

A man builds a city  
With banks and cathedrals  
A man melts the sand so he can  
See the world outside You're gonna meet her there  
A man makes a car She's your destination  
And builds roads to run them on You gotta get to her  
A man dreams of leaving She's imagination  
But he always stays behind

And these are the days  
When our work has come assunder  
And these are the days  
When we look for something other

Midnight is where the day begins  
[Repeat 4 times]

[Instrumental]

Midnight is where the day begins  
[Repeat 4 times]

A man makes a picture  
A moving picture  
Through the light projected

He can see himself up close You're gonna meet her there  
A man captures colour She's your destination  
A man likes to stare There's no sleeping there  
He turns his money into light She's imagination  
To look for her Lemon  
She is the dreamer  
She's imagination She had heaven  
Through the light projected  
He can see himself up close She wore lemon
