

# U2, Lost On A Silent Planet

(judith? judith? )  
(can you hear me? )  
(can you see me? )

Life on a distant planet  
Another atmosphere  
Life on a distant planet  
So cold inside of here

You can see her  
But she can't see you  
You can call her name  
But she won't even hear you

In the morning of the day  
To the evening  
D-day and beyond

Lost on a silent planet  
Two lone, rising stars  
Locked on a silent planet

So close and yet so far

Children scream and shout  
Their eyes torn out  
Judith turns around and stumbles  
To the ground

In the morning of the day  
The evening time  
D-day and beyond

Oh...girl you fall out  
Oh...girl you come out to cry  
Have you nothing to say  
Girl you come out to cry  
Have you nothing to say

In the morning  
On to the day time  
To the evening  
D-day and beyond
