

# U2, Where Did All Go Wrong

Did you get it  
Did you need it  
Did you really  
What you wanted  
Was it good in the sun  
Did you really have the fun  
Did you crack it  
Did you grab it  
Did you reel it  
Like a rabbit  
Did you walk  
Did you run  
Did you move this here  
Uh huh  
And how could you do  
And make it so, sing this song  
Where did it all go wrong  
Where did it all go wrong  
Did you grab it  
Did you want it  
Is it really what you wanted  
Did you run in the sun  
Did you imitate a walk  
Did you answer  
Did you grab it  
Did you gun it like a rabbit  
Did you walk  
Did you run  
Can you feel you rising up  
And how can you do  
And when you sang it in the song  
And it sank, and it threw  
Where did it all go wrong  
Did you drown it  
Did you roll it  
Did you smash it  
Did you warm it  
Did you clean it  
Clean it up  
Did you rub it  
Did you soap  
Did you screen it  
Did you ream it  
Did you ruin it  
Did you feed it  
Is warm in the sun  
When the weather's getting warm  
And the world is at your feet  
And it is our time to say  
It's all gone wrong  
Where did it all go wrong  
(Oh yeah, oh yeah)  
You take me, baby, in circles, yes  
Darling, darling, darling...I want you  
Why oh, why oh, why oh...stony rose  
You lose your guy  
You walk on by  
You walk on by  
You walk on by  
You walk on by  
Did you lose the guy  
Did you lose the guy  
Did you lose the guy  
Did you lose the guy..
