

Uh Oh! Explosion, Drama Space

Talk talk talking shit
Talking shit, Talking shit
Talk talk talking shit
Talking shit, Talking shit
Gooooo

Well I looked a Benny's page one day
He had a million friends
Man, that stupid kid
You know he's only ten
And every fifteen minutes he will post a bulletin
and all it ever says is wont someone talk to him

'Cause this is my generation, this is how we do
Talkin' shit on Myspace, post a movie on YouTube
Now everybody out there knows a secret about you
'Cause this is my generation and this is how we do

Well I looked at Sissy's page that day
She's such a picture whore
And every single shot is of her in booty shorts
And know that all the photos were taken by herself
That's why she gets dissed on by everybody else

'Cause this is my generation, this is how we do
Talkin' shit on Myspace, post a movie on YouTube
Now everybody out there knows a secret about you
'Cause this is my generation, this is how we do

Look at Jeffree Star
How'd he get so far
Hollywood undead
How'd they get their cred
You know there's gotta be
A million friends for me

Well I logged onto my page that day
I had a new comment
It was from a girl that I had never met
She was the hottest girl to ever write my band
I got so disappointed when i found out she was spam

'Cause this is my generation, this is how we do
Talkin' shit on Myspace, post a movie on You Tube
Now everybody out there knows a secret about you
'Cause this is my generation, this is how we

This is how we
This is how we
This is how we funkin' do
This is how we do
This is how we do
This is how we do
