

# Ultramagnetic MC's, Grip The Mic

(Kool Keith)

Yo whassup this is Kool Keith, the general speaker in full effect  
And I'm out here and.. ridin smooth on this European highway  
With this foxy fine mama, by my side, you know that? (Word?)  
Right now I'm makin love, but I'ma, say a few rhymes  
Check it out, one time for the braincell

Well I'ma grip the mic, grab the mic, hold the mic  
Snatch the mic, switch the mic  
Freak the mic, sneak the mic, rock the mic  
Eat the mic, beat the mic  
Pack the mic, freak a style, use a style  
Hyper style, Riker's style  
Like a style, freak 'em all for a while  
Worthwhile, I'm coolin out like I'm Batman  
Ridin the Batmobile, holdin my Bat mic  
Robbin the Riddler, come on and get in hype  
Droppin a bomb - I'm gonna take it over  
F\*\*ked up too, that shit was goin smooth

{\*beat drops out and starts over\*}

Yo whassup this is Kool Keith in full effect  
And I'm out here cruisin on this European highway  
Doin it my way (uh-huh) check it out  
So keep your eye away, and look as I fly away  
Check it out

Well I'ma grip the mic, grab the mic, hold the mic  
Snatch the mic, switch the mic  
Freak the mic, sneak the mic, rock the mic  
Eat the mic, beat the mic  
Pack the mic, freak a style, use a style  
Hyper style, Riker's style  
Like a style, freak 'em all for a while  
Worthwhile, I'm coolin out like I'm Batman  
Ridin the Batmobile, holdin my Bat mic  
Robbin the Riddler, come on and get hype  
Droppin a rhyme, funky rhymes for the dancefloor  
Rhymes flow on, styles come quicker  
You've been outfoxed by the metaphor slicker  
Think twice, go slow, words'll flow  
And speed up rhymes like a pro-  
-fessional poet, comin back and you know it  
I treat your brain like a whistle, pick it up and I blow it  
Four times with rhymes, look and stop for signs  
Detour, go back, hit your brakes and stop  
You're just a floor that's dirty toy, come battle the Mop  
'n'Glow and, stealin the show and  
You stay down low'n, while I keep goin  
Around the clock, kickin rhymes, the mic is on overtime  
Back and front, drunk dizzy here's a sober rhyme  
Tellin your braincells that I am the best one  
Rappers who perpetrate, come jump up and test one  
Sit down, sit down, sit down, sit down  
You and your man, sit down, sit down, Trev tell 'em sit down (sit down)  
Rhymes go on and dip so quick by  
Stand and wait fool, and yo yo stick by  
Stand inside, look around and you'll see me  
Join the party, check it out (word)

I'ma take off and cruise and change into third gear  
on the Tim Westsood show (Capitol Radio in effect)
