

# Union J, Beethoven

It feels like whisky and butterfly's  
Like midnight kisses in the morning light  
We can up with you, here by my side  
You leave me breathless, leave me breathless

I'm tasting on your skin, widling hands are only wanna start again  
I see your name and it's a violin  
You leave me breathless, leave me breathless

Tonight, tonight, tonight you are my music  
Hold my heart like a  
tonight, tonight I wanna loose it  
I'd be the only soul, you'll ever know  
Play you like a instrument, let me be your beethoven  
Play you like a instrument, let me be your beethoven

It's like were cought up in a endless dream  
The clocks don't tick when you hold on to me We're keeping the rhythm so perfectly  
You leave me breathless, leave me breathless

Tonight, tonight, tonight you are my music  
Hold my heart like a  
tonight, tonight I wanna loose it  
I'd be the only soul, you'll ever know  
Play you like a instrument, let me be your beethoven  
Play you like a instrument, let me be your beethoven

Cause Tonight, tonight, tonight you are my music  
Hold my heart like a  
tonight, tonight I wanna loose it  
I'd be the only soul, you'll ever know  
Play you like a instrument, let me be your beethoven  
Play you like a instrument, let me be your beethoven
