

Uniqplan, This Makes Sense

I got to find a place for myself
In the modern chase
This makes sense

Thoughts shape up a prayer in my head
I peel off a layer of the shade
And it's not so bad
I won't go astray
And it's not so bad
I know I'll be safe

I got to find a place for myself
In the modern chase
This makes sense
You can read out from my face
That I got the answer and the trace
I quit the modern chase
This makes sense
And I pray...
