

# Unleashed, New Dawn Rising

Join us in this great adventure  
Our common time on earth  
To make the best of what you've got  
For better or for worse  
Tomorrow shall belong to you  
Stand up and face the world

New dawn rising  
New dawn rising

We are the ones to write the pages  
Of coming history  
Deadly metal onward pounding  
Innovative and free  
So behold the new dawn rising  
A new creation is unleashed

New dawn rising  
New dawn rising
