

# Unwritten Law, The Celebration Song

Ease up a little bit  
Cause I want to want you  
If all of the money's spent  
Well that's fine to got you

By my side let's go for a long ride  
In my car I'll drive you to my star  
Out in space won't matter  
Where we are  
Hey Hey yeah

A celebration  
About time  
A generation out of line yeah  
The revolution's in everyone

Blame the Gun

Blame the Gun

Ease up a little bit  
Cause I have to have you  
Drink up a little bit  
If your mine I'll find you

By my side let's go for a long ride  
In my car I'll drive you to my star  
Out in space won't matter  
Where we are  
Hey Hey yeah

A celebration  
About time  
A generation out of line yeah  
The revolution's in everyone

Blame the Gun

Yeah...

Yeah...

Hey Hey Yeah

A celebration  
About time  
A generation out of line yeah  
The revolution's in everyone

Blame the ...  
Celebration  
About time  
A generation out of line yeah  
The revolution's in everyone

Blame the Gun
