

# Urban Species, Listen

Listen to the rhythm, listen to the rhyme  
Listen to the clock tick tock the hands of time  
Ticking, tocking, constantly revolving  
Listen to the problems of the world who need solving  
Listen to the child crying in the crib  
And listen to the sick act that the Daddy did  
See Daddy turned his back on all of his responsibilities  
Listen how Mummy copes to the best of her abilities  
Listen to the cliche rapper that's bragging  
Listen to the mother who is always nagging  
Her son to get up and do something with his life  
Listen to the vows when ya marrying ya wife  
Listen to the scream of a mother giving birth  
Listen to the sorrows of our Mother Earth  
Listen to the beggarman begging in the street  
Please can you spare some change so I can get some food to eat  
Listen to the plight of the homeless  
And if you listen to the pessimists everything's hopeless  
Listen to your heart, listen to your soul  
Listen to your conscience, let it take control  
And just listen

Listen...

coute la palombe, paisible dans le ciel  
coute aussi la balle qui lui dchire les ailes  
Qui est l'animal, l'oiseau ou le tireur  
Ou celui qui vend l'arme, qui lui dchire le cur ?  
coute le dernier 'pff' d'un soldat inconnu  
coute tomber les larmes d'une femme que l'on fait cocue  
coute le consensus dans son entourage  
Il tait consciencieux quelle force et quel courage  
coute plutt le 'bzz' des ailes de l'abeille  
Elle se fout du bizz, l'essentiel est le miel  
coute aussi le 'pshit' que fait l'insecticide  
Comme dans le monde actuel elle a choisi le gnocide  
Le Pen trane sa haine malsaine  
coute plutt ton cur pas la flamme de la haine  
coute plutt le bon, pas la brute ou le truand  
coute ce qui apaise  
coute moi ce son

coute...

Listen to the fascists looking for your vote  
Listen how he gets some with a scapegoat  
He sees your tears and plays on your fears  
Till his promises become music to your ears

coute le clic-clac d'une paire de menottes  
Le systme est malade mais est-ce bien l'antidote ?  
coute la sirne qui file dans le domaine  
La haine est la mme, mme dans ce domaine

Listen to the horrors my people saw  
Listen to the politics of the gulf war  
Place all the blame and name Hussein insane  
Listen how he said two can play the same game

coute le chant du coq, le solfge s'en moque  
coute le chantage des rois du bavardage  
coute le tonner, prs vert, guerre la guerre  
coute le croyant quand il fait sa prire.
