No more war /2x
What are we even fighting for?

I'll fight for my country
You fight for my country
We see the victory
They'll get the victory
Man to man
And heart to heart
Face to face
But worlds apart
You and I
We're champions /3x
/2x

No more blood
No more pain
No mas been washed away

Wave your flag
And I will wave mine
We gotta shift the paradigm
Stand together

I'll fight for my country
You fight for my country
We see the victory
They'll get the victory
Man to man
And heart to heart
Face to face
But worlds apart
You and I
We're champions /3x
