

# Usher, Ruin - feat. Pheelz

Yeah, you broke me and took your time with it  
Yeah, you gave me all these memories that I regret  
All I can do is congratulate 'cause you  
Ruin me for everybody  
Yeah, you ruin me for everybody

Wake up in the morning a different girl be on my line  
Constantly be calling everyday I still decline  
See, this exactly what you did  
You ruin me for everybody  
You ruin me for everybody

Bye bye  
Good riddance for the last time  
Say you can try, try  
Maybe get it right next time  
Different timeline  
Maybe then you could be mine  
Ruin me for everybody  
You ruin me for everybody

Babylon tricks way you put upon me  
'Cause back then I was very lonely  
I still am, I'm just trying to find peace every day  
My heart is on holiday

Still gives me sleepless nights  
Sometimes I wonder how it happened all of a sudden  
You ruin me for everybody

I wake up in the morning  
Different girls be on my line  
Constantly be calling me, I just don't reply  
See, this exactly what you did  
You ruin me for everybody  
You ruin me for everybody

Bye bye  
Good riddance for the last time  
Say you can try, try  
Maybe get it right next time  
Different timeline  
Maybe then you could be mine  
Ruin me for everybody  
You ruin me for everybody

Bye bye  
Good riddance for the last time  
Say you can try, try  
Maybe get it right next time  
Different timeline  
Maybe then you could be mine  
Ruin me for everybody  
You ruin me for everybody
