

# Usher, You Make Me Wanna...(Remix)

Uh, uh-uh, can you feel me?  
Uh, say what? Say what  
Uh, uh-uh, can you feel me?  
Usher

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me, you make me

Before anything began between us  
You were like my best friend  
The one I used to run and talk to  
When me and my girl was having problems  
You used to say it'll be OK  
Suggest little nice things I should do  
And when I go home at night  
and lay my head down  
All I seem to think about was you  
And how

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me

Now what's bad is you're the  
one that hooked us up  
Knowing it should have been you  
What's sad is that I love her  
but I'm falling for you  
What should I do?  
Should I tell my baby bye-bye?  
Should I do exactly what I feel inside?  
Cuz I, I don't wanna go,  
don't need to stay  
But I really need to get it together

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me

Baby it's kind of honey  
How you make me feel  
I've been with your friend  
for about five years (five years)  
I never thought that I would  
change my decision (uh-huh)  
I wanna kiss you and hold your  
hand with your permission

Uh-huh  
Honey got me twisted in the  
head like a cuckoo clock  
Trying not to look  
But I, but I, but I can't stop  
What can I say? I wanna be with you  
Usher bring in the hook,  
I'm out dude what?

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me

Ooh you're making me  
You're making me, you're make me  
Oh you make me-

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me

Leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me, you make me

You make me wanna leave the one I'm with  
Start a new relationship with you  
This is what you do  
Think about her and all the  
things it come along with  
You make me
