We fight the blues  
Moping makes your enemy happy  
Men and women must both be tough

I'll let you know some good news:  
&quot;Luck comes to happy homes&quot;

All women are actresses  
They pretend to be weak, but are actually very strong  
Nevertheless, they want to be protected

We fight the blues  
I sometimes give in to depression  
I am free to shed my tears

We fight the blues  
Moping makes your enemy happy  
Both men and women must be tough

You can't buy it  
You can't see it  
It is mental toughness

Everybody puts great pressure on me  
But I have to keep trying

We fight the blues  
When you feel bad, just take deep breath  
The tears I held back are a part of me

I hate to lose  
I'll make you down  
A gong signally the fight rings tonight

We fight the blues  
I sometimes give in to depression  
I am free to shed my tears

We fight the blues  
Moping your enemy happy  
Men and women must both be tough
