

Valensia, Nathalie

(INTRO)

I've been sad for a long time,
wait for the skies to clear.
Now I've got a girl - we make love each night -
but she is not really there..

Saw my only few good friends,
one by one disappear..
Now I'm not the crying kind, but I cried;
it's a burden I can't bear

Baby don't go away
It's lovers rosy stain (and I'm in pain)
Why don't you answer anymore?

Nathalie, hold me
Nathalie only
Where are you
Now I am The Lonely?

Nathalie, hold me
Nathalie only
Where you would be mine
If we just could turn back the time

Crystal snow on the schoolyard
While the French teacher plays 'Nathalie'.
Looking out of the windows, saw you standing there,
with snowflakes in your hair.

Standing under red rooftops
Indeed a white tapestry
Now I cry while I wish you well,
perhaps we'd make a perfect pair.

Baby, don't go away
It's lovers rosy stain (and I'm in pain)
Why don't you answer me anymore?

Nathalie, hold me
Nathalie only
Where are you
Now I am The Lonely?

Nathalie, hold me
Nathalie only
Where you would be mine
If we just could turn back the time

(SOLO)

It's a lovers rosy stain
Why don't you answer anymore?

Nathalie, hold me
Nathalie only
Where are you
Now I am The Lonely?

Nathalie, if only
Nathalie you called me
Nathalie I would
never..never..never let you go

but you don't know
(Nathalie)

..

Nathalie, you don't know
...that I still love you so
