

# Valley's Eve, Shadows Of Misery

(bonus track)

Do not follow the ones who come and destroy  
Leaving it to the enemies of humanity  
Do not run after someone with blinding promises  
They are the wrong leaders  
The lustful lies causes the suffer of the world  
A new millennium starts  
With centuries of terror drowned in blood and hate

Shadows of misery  
The demons call my name  
Dark shadows killing me  
My soul is lost

A creations as spirited as we now are  
But the same mistakes - again and again  
Somewhere in his dreams will be a way  
An escape of my soul - every night  
As through the dark seven seas  
The time will come

Shadows of misery  
The demons call my name  
Dark shadows killing me  
My soul is lost

Although we are lost in the forest of grief  
Try to fight hard to cross the hill of death

Shadows of misery  
The demons call my name  
Dark shadows killing me  
My soul is lost
