

# Vanessa Hudgens, Amazed

When I'm all broke down, heading for disaster  
And I'm standing down trying to find a clue  
And my head is tired searching for the answers  
Can't figure out how I'm gonna get through the next ten minutes

Baby I'm amazed what I feel for you  
Baby I'm amazed what your fate can do  
Baby I'm amazed where you take me to  
Don't you know, oh  
Baby I'm amazed what I feel for you  
Baby I'm amazed what your fate can do  
Baby I'm amazed where you take me to  
Don't you know, oh

When I'm all broke down, need a place to run to  
No one hears me shout lost and all alone  
And I'm losing ground, no one understands me  
Can't figure out what I'm gonna do coz I just can't take it

Baby I'm amazed what I feel for you  
Baby I'm amazed what your fate can do  
Baby I'm amazed where you take me to  
Don't you know, oh  
Baby I'm amazed what I feel for you  
Baby I'm amazed what your fate can do  
Baby I'm amazed where you take me to  
Don't you know, oh
