

# Vanilla Ninja, Gotta get it right

I remember well  
I had times like hell  
But found simply no  
Escape

Broken and depressed  
I just missed all the best  
My heart felt out  
Of shape

Gotta get it right  
Gotta gotta get it right

Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight  
Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight

Cos I felt I simply must  
Let all my tears turn to dust  
Gotta get it right  
Gonna make me fight  
Gotta get it – gotta get it right tonight

Nearly lost my face  
In so many ways  
And I tried to keep  
Control

I just stayed alone  
Did it all by my own  
To crumble down the wall

Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight  
Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight

Cos I felt I simply must  
Let all my tears turn to dust  
Gotta get it right  
Gonna make me fight  
Gotta get it – gotta get it right tonight

Life turned  
My heart learned  
I can reach the sky  
Crash the gates  
Find the fates  
Where heaven waits  
Where heaven waits

Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight

Gotta get it right  
Gonna make me fight  
Gotta get it - gotta get it right  
Tonight

Cos I felt I simply must  
Let all my tears turn to dust  
Gotta get it right  
Gonna make me fight  
Gotta get it – gotta get it right tonight

Gotta get it right  
Gotta gotta get it right
