

# Vassago, Destroyer

(Music: Pepa, Bloodlord)

(Lyrics: Sin)

The evil-creator gave me the power  
He gave unto me the storms and the winds  
He gave me the power to reign  
And he wants me to destroy the world of god

Destroyer

I gave this world a stormwind of hell  
And i gave this world a raging thunder  
I spread the virus of death with my breath  
I make the f\*\*king world suffer in pain

Destroyer

I suffocate the air  
I burn the oceans dry  
I drown the earth in blood  
And I nail your god once again

(Lead: Suckdog)
