

VAST, If You Are In Heaven

There is love
There is happiness
But not here, not here
There is peace
There is righteousness
Just wait, just wait

If you are in heaven I don't want in
I'm not going to hell I haven't sinned
Oh, (if) I'm going to hell, hell, I can't win
If you are in heaven I don't want in

(And) there is you, there isn't pain
Just go and face the end,
'Cause there is truth
Forgiveness only if you do something evil
Is this evil?

If you are in heaven I don't want in
I'm not going to hell I haven't sinned
Oh, (if) I'm going to hell, hell, I can't win
If you are in heaven I don't want in

If you are in heaven I don't want in
I'm not going to hell I haven't sinned
Oh, (if) I'm going to hell, hell, I can't win
If you are in heaven I don't want in

If you are in heaven I don't want in
I'm not going to hell I haven't sinned
Oh, (if) I'm going to hell, hell, I can't win
If you are in heaven I don't want in
