

Vic Mensa, Reverse (ft. G-Eazy)

Aston Martin, push-button motor
migos on the ice, anti-sober
Go, don't get hurt
turn around and throw it in reverse
let me see how you work
You boys smoking dirt
we smoking Larry Bird
St. Laurent straitjacket, go berserk
turn around and throw it in reverse

DB 11, it's a vert, it goes skrrt
Keep her panty dropping
ridin' shotgun like she Kurt
Weavin' through the traffic with my ratchet in the purse
in a St. Laurent straitjacket, if it crash go berserk
overseas I need a visa, breezing in Ibiza
Tryna see me when I am speeding
You get burnt like Derek Jeter
and my Nina, she's a diva, purty like Lupita
peter Piper, pick a pussy
meke her peck my millimeter
chilly on the chain, but the seats is heated
shawty wanna G's on the sneakers
like three stripes and a slash, I'm undefeated
Rick Owens, I;m tip-toein, push button, Kim Jong
Rode through looking so cool in a old school like Vince Vaughn
Vroom vroom, ntro, hit the turbo
Pour that Ace of Spades, up
we don't want no <er;lot
Cop the coupe, drop the roof
hop out the top like I;m a turtle
then she turn around and throw it in reverse thought

Aston Martin, push-button motor
migos on the ice, anti-sober
Go, don't get hurt
turn around and throw it in reverse
let me see how you work
You boys smoking dirt
we smoking Larry Bird
St. Laurent straitjacket, go berserk
