

# Victoria Justice, RAW

Tell me how'd you find your way under my skin  
I wasn't ready yet to let somebody in  
Been thinking 'bout you way more than I should have been  
I can't lie, oh I,  
Never been too good at being vulnerable  
I'm nervous cause I'm starting to get comfortable  
Thinking that we could be something beautiful, this time

(but I gotta ask you)  
If I'm letting down my walls  
I gotta know that  
You would love me through it all

(Mmmmm)

Through my awkward, my messy  
My sad and all my sexy  
My anxious, my lovely  
My weird and all my ugly  
All the pieces that make me  
My sanity, my crazy  
Would you take me with my flaws  
Cause I'm not perfect  
But I'll give you - raw  
Yeah I'll give you - raw

Oh I'm  
Throwing all my hesitation out the door  
Showing you the colors no one's seen before  
All I wanna do is tell the world I'm yours  
And you're mine

But if I'm letting down my walls  
I gotta know that  
You would love me through it all
