

Viki Gabor, #Hot16Challenge2

used to be a happy girl
used to travel there and there
meeting all the fans I love
now I gotta stay at home

speaking to every kid
speaking to everyone my age
we got a lot of school
but we gon' manage anyways

and in the news we heard them say
oh how much people are in pain
we fight for our lives
every night and day
so don't lose your hope no!
don't lose your hope no!

wszystko ułoży się
ramie w ramie
wiem przejdziemy to
coraz mocniej czuje to
że lepsze dni są od nas już o krok

pamięcią wracam do tych miejsc
w których mogłam robić to co chcę
superheroes to dziś my
możemy uratować świat
ja i ty

and in the news we heard them say
oh how much people are in pain
we fight for our lives
every night and day
so don't lose your hope no!
don't lose your hope no!
