

# Viki Gabor, That's What She Said

I got this fever for you  
been waking back and forth  
Eyes wide open  
Got my eyes wide open  
Keep on dreaming by you

You know i leave my heart wide open  
To the spirit of the ocean

My fever move to the end of the night  
Rythym must ride  
It's not a crime  
It's gonna be the magical night

In 3, 2, 1!  
Don't wanna wait  
That's What She Said  
You'd better keep on dancing  
I just wanna dancing all night long  
You'd better wait  
Let's not pretend  
It's so crazy  
So freaking fancy

magical night

Don't wanna wait  
That's What She Said

being on the ceiling  
i feel ilke i am not cry  
coz my ... is on my mind  
put your hands in the air  
tonight i wanna mood like loca  
loca, loca, loca

Rythym must ride  
It's not a crime
