SAN FRANCISCO (YOU'VE GOT ME)-Village People 1977

Folsom, Folsom street on the way to Polk and Castro  
You don't find them finer  
Freedom, freedom is in the air, yeah  
Searching for what we all treasure: pleasure  
Cycles, cycles in the night shining bright  
Brightly on nights tell a glory story  
Leather, leather, leather, leather baby  
Levi's and T's are the best now all right  
Dress the way you please and put your mind at ease  
It's a city known for its freedom, freedom  
Cycles shining bright break the silence of the night  
Inhibitions, no, you don't need them, no, no, no  
San Francisco... city by the bay yeah... hey hey hey...  
You've got me... ahw ahw... take me to the water...  
Disco, disco party baby  
Music that sets you on fire, higher  
Say what's on your mind and spend a little time  
Every destiny there has a meaning, meaning  
Party 'till the night before the morning light  
You may feel your whole body screaming, ahw ahw...  
Got me, got me, got me baby aaahhh  
Say you got me, love ya love you so, well  
Here's what I want you to do, take me, take me  
Take me baby, show me the way  
Take me... down to the bay  
Lead me to the water... well well it's you and me yeah  
Show me the way, why don't you show me the way hey  
Come on baby, let's get down, down, hmm  
Ain't nobody between you and me  
Baby baby feel fast free  
Baby baby let's do hot night  
Come on baby let's you and me swing  
Love the way I please, don't put no chains on me  
If you got the time, you could do it, do it  
What I need is love, that's all I'm thinking of  
Take me to the bay, lead me to it, now, now  
San Francisco... oh I love ya yeah...
