

Ville Valo, Give Into Me

I'm falling down on you, where are you from
What else can I do, you're so beautiful how can I go on
If I loose it all, would you go down on me
I don't even know, the things you want me to see
Waiting for you
Thinking of you
Give into me, I'll make you blue
I wanna know if you feel the same
Youre mine, I'm ridin high like an aero plane
I wanna give you what you need,
But I don't dare to ask
I got no self-esteem,
I don't blame my past
Waiting for you
Thinking of you
Give into me, I'll make you blue
I wanna know if you feel the same
Youre mine, I'm ridin high like an aero plane x4
