Ville Valo, Give Into Me

I'm falling down on you, where are you from What else can I do, you're so beautiful how can I go on If I loose it all, would you go down on me I don't even know, the things you want me to see Waiting for you Thinking of you Give into me, I'll make you blue I wanna know if you feel the same Youre mine, I'm ridin high like an aero plane I wanna give you what you need, But I don't dare to ask I got no self-esteem, I don't blame my past Waiting for you Thinking of you Give into mé, I'll make you blue I wanna know if you feel the same Youre mine, I'm ridin high like an aero plane x4
