

# Violent Vira, I Don't Care

SCREAM

Take it from me boy  
You don't wanna know what I did  
To combat my conscious  
Left unconscious  
All my enemies  
Take it from me boy  
You don't wanna know  
Where the blood  
On the carpet came from  
I forgave them  
With the love I gave  
And I  
Know I'm not  
Going anywhere  
That's not downstairs  
And I  
Should tell you  
That I'll miss you  
But I simply just don't care  
I'll miss you  
Give me the worst of it all  
Cause I'm ready for my downfall  
Getting ready for my demise  
But I know I'll be okay  
From that look in your beautiful  
And I  
Know I'm not  
Going anywhere  
That's not downstairs  
And I  
Should tell you  
That I'll miss you  
But I simply just don't care  
Care  
You know I come from the mistakes I've made  
The damage that I'll have to pay  
I'd do it all again  
For only you  
And I  
Know I'm not  
Going anywhere  
That's not downstairs  
And I  
Should tell you  
That I'll miss you  
But I simply just don't care  
I just don't care  
I just don't  
Care
