

# Visage, Tar

Remember health warning  
It's printed on the packet  
Middle tar, low tar, high tar  
Doesn't that make you die

Taking on out of the packet  
It's just a force of habit  
You know you cannot stop it  
The why was the reason why

Nerves, nerves  
Tension, tension  
Addiction, addiction, addiction, addiction  
Low tar, high tar

Nicotine stain on your finger  
Try to wash off but it still linger  
Cigarette holder just a joke  
Don't really take bad away from smoke

Nerves, nerves  
Tension, tension  
Addiction, addiction, addiction, addiction  
Low tar, high tar

Remember health warning  
It's printed on the packet  
Middle tar, low tar, high tar  
Doesn't that make you die
