

# Visionatica, Fear

Violence and crimes  
Terror and accidents  
Lurk on you to make soon an end

Do you really want to let them have  
Your fate in their hands?  
Never forget  
You have the rudder of your boat  
And when you go overboard  
Do not be afraid to drop

Fear should take  
No control of me  
I must run  
Through life before it ends  
We should never  
Never look back  
Time passes fast  
But it's up to me  
What I make of it

Fear is a poison that paralyses you  
It awakens demons that watch you  
Do you really want to get rid of them?  
Your fate is in your hands  
Never forget  
You are the leader of your journey  
And if you get off the road  
Do not be afraid to get lost

Fear should take  
No control of me  
I must run  
Through life before it ends  
We should never  
Never look back  
Time passes fast  
But it's up to me  
What I make of it

Fear  
Fear  
Fear

Fear  
Fear  
Fear

Fear  
Fear
