

# Visions Of Atlantis, The Last Home

Here comes  
One of my saddest days  
A pain tomorrow won't relieve

And I know  
Only time is said to heal  
But years will fly before I can breathe

I'll keep on trying  
But I won't let you go

I'll keep you safe  
In a secret place  
Until I find my freedom  
Goodbye my friend  
Love will never end  
You will live in my heart

Time erased  
So much of what you were  
Though I tried to hide you deep

Gone forever  
What is left for me to keep?  
Joys that I cannot remember

I keep on calling  
I want you to know

I'll keep you safe  
In a secret place  
Until I find my freedom  
Goodbye my friend  
Love will never end  
You will live in my heart

I will try to carry on  
I will try to move on  
I should try to let you go  
As you have before

I'll keep you safe  
In a secret place  
Until I find my freedom  
Goodbye my friend  
Love will never end  
You will live in my heart
