

# Visions Of Atlantis, Wild Elysium

I can feel a rising storm  
Dreading all the clouds to form  
All around  
Not a sound  
Waiting for the fall

Sadness wins my lonely heart  
Slowly tearing me apart  
All is cold  
Grey and old

Show me the way through the night  
Show me the way to the gates of delight

Hear my serenade  
Give my soul a name  
I surrender, my Lord  
I have broken my sword  
Given all the pain  
Will I feel again?  
I ascend or I fall  
Find a gate or a wall  
After all, we can only run  
To wild Elysium

Faith, the only shield I hold  
Waving lights of blues and gold  
Facing wrongs  
Standing strong  
Did it for too long

Courage takes a willing heart  
Bravery as a work of art  
I did fight  
Day and night

I put an end to the strife  
Ode to the glorious day of my life

Hear my serenade  
Give my soul a name  
I surrender, my Lord  
I have broken my sword  
Given all the pain  
Will I feel again?  
I ascend or I fall  
Find a gate or a wall  
After all, we can only run  
To wild Elysium

Hear my serenade  
Give my soul a name  
I surrender, my Lord  
I have broken my sword  
Given all the pain  
Will I feel again?  
I ascend or I fall  
Find a gate or a wall  
After all, life has just begun

After all, life has just begun  
In my Elysium
