

# Viva Voce, We Do Not Fuck Around

Goodbye my love,  
I've left you everything you'll need  
If I'm not back in one piece  
See I swore to myself, long ago  
That I wouldn't rest,  
'till their heads were on my desk

And I swore to myself  
I won't return  
Before I can settle the score

So now we're shouting out  
To warn we're coming round...

Hey ya!!! We do not fuck around!

So long my friends  
I hope you'll think of us each time  
You set out for the climb  
Cause they'll try their best  
And worst to make you fall  
And have you mounted on their wall

So now we're shouting out  
To warn we're coming round...

Hey ya!!! We do not fuck around!

We don't fuck around
