

# Voice Of The Beehive, I Think I Love You

I'm sleeping and right in the middle of a good dream  
like all at once i wake up from something that keeps knocking at my brain before I go insane I pull m  
screaming out the words I dread  
I think I love you

This moring I woke up with this feeling  
I didn't know how to deal with  
And so I just decided to myself I'd hide it to myself  
And never talk about it and didn't go and shout it when you walked in to the room  
I think I love you

I think I love you  
So what am I so afraid of  
I'm afraid that I'm not sure of  
A love there is no cure for  
I think I love you  
But thats not what life is made of  
Though it worries me to say  
That I never felt this way

Belive me you really don't have to worry  
I only wanna make you happy  
And if you day hey go away I will  
but I think I better still  
I better stay around and love you  
Til' I think you have a case  
let me ask you to your face  
Do you think you love me?  
I think I love you  
I think I love you  
I think I love you  
I think I love you  
I think I love you  
I think I love you  
I think I love you
