

# Wall Kingston, On My Own

What's the difference  
Between you and me  
That makes it so hard  
To live together in the same flat

'n' what's the use  
For fighting  
You've got nothing to fight for  
And you're only wasting your time

I wanna be  
I wanna be on my own

Where have you been  
'n' what were you doing  
All these stupid questions  
Before I go to bed alone

How 'bout tomorrow  
Where you gonna be  
All these stupid questions  
Before I go to bed alone

I wanna be  
I wanna be

On my own
