Wanderers, Peter Beter

(Goldstein/Treganna) peters audio letters believe in what they say he warned us of the cosmospheres that wiped the USA partule beam weapons came bouncing off the moon of operation table top, battle of the harvest moon dr beter, peter beter, dr beter his claims are even more amazing than at first appears the rockefeller murders, assasinations through the years you watch your bruised and battered world in your vacuum jaws your robotoid president lost the third world war many men took part in it, four set the stage politicians and the pope, you would be amazed the rockefeller dynasty, the mid-east oil trick ft knox gold, all was stoled, by the bolsheveks only thirty seconds the message will begin his information service of all the world sins the actor pope conspiracy, can't learn it off the tube send off now, don't be late you've everything to lose
