

# Warrior Soul, Blown Away

(Clarke)

The cash flows out The drugs roll in  
The nation rage While the children sin

Officials addicted to dough The bankers grin  
But we all know They cant stop it  
Cause theyre linin their pockets

Were blown away in the U.S.A.  
Were blown away every single day

They cant stop it Cause they are buyin  
Their rockets

Were blown away in the U.S.A.  
Overseas They love our green  
Keep us happy With your little machines

We live on credit We live on dope

Thers no promises When youre livin on hope

Were blown away in the U.S.A.  
Were blown away every single day  
Kiss the sunshine
