

Wayburn Dean, As Long As I Live

AS LONG AS I LIVE
(Jay Greene, Marcus Coleman)

Every part of me is thankful
Everyday I spend with you
I've never truly been this grateful
Now that I've found you
Oh Lord you've been the one to hear me
You are my cornerstone, in every way

Every breath I take I'm mindful
You're the reason why I sing
With every move I make you're faithful
So let your spirit rest in me
I need you Lord, I'm ready now to commit to you
I want to live my life, a holy sacrifice

Chorus

Always love you
And I'll never leave
I will be true
To you Lord as long as I live

I never want to let this feeling
Ever fall away from my heart
Your love is so amazing
Now your love has brought me out of the dark
I know that I'm not worthy, to claim that I belong
Oh Lord its only grace that brings me to your arms

Bridge

I know there's more to life than living here
You said we'd be together again
I leave my life in your hands
I promise I will do the things you command
I surrender, to you forever
Everything I am

Just as long as I live and have my being
I will be true to you forever
Just as long as I live
