

Weezer, Listen Up

Listen, pretty mama
I want to be with you tonight, oh yeah
I know you left me
For someone younger than I, oh yeah

Listen up for goodness sakes
Me, I've never have much breaks
Opened up my heart and then they all just let me down
Whoa, down

Listen, sweet baby, yeah
I know it's too late to 'xplain, oh yeah
Why I can't please you
I got you when I was sane, yeah

Listen up for goodness sakes
Me, I've never have much breaks
Opened up my heart and then they all just let me down
Whoa, down

And the love you gave to me
Will increase my will to be, be... down, yeah

Listen up for goodness sakes
Me, I've never have much breaks
Opened up my heart and then they all just let me down
Whoa, down

And the love you bring to me
Will increase my will to be, be... down, yeah yeah
Down, yeah
Down, yeah
