

# Wendy And Lisa, Chance To Grow

There's a love  
On the edge  
So suspicion attracts revenge  
Then there's no communication  
When we fall, by the way side

Hold me up  
Don't bring me down  
Take all the room  
To build this love  
Don't build it up  
To tear it down  
You plant the seed  
In love you've found  
That everybody needs  
A chance to grow

There's a love  
On the wing I swear  
This time is really it  
When you tell me you love me  
No need to go put your self above me

Hold me up  
Don't bring me down  
Take all the room  
To build this love  
Don't build it up  
To tear it down  
You plant the seed  
In love you've found  
That everybody needs  
A chance to grow
