

# WERK, Lula (feat. Anita Lipnicka)

It's a hot , deep night...  
I am high on liquid dreams  
Everything around me  
Is everything I need

I am floating on  
An endless sea of time  
What a sweet, sweet song  
It pours into my heart ...

Lula - and I don't miss you  
Lula - can you hear me breathing?  
Lula - I am free of you  
Lula - finally...

It's a hot, deep night  
The city is asleep  
Cats on the roofs  
Are dancing with the stars...

You won't reach me here  
However long your arms  
The game is over  
You don't deal the cards

Lula - and I don't miss you  
Lula - can you hear me breathing?  
Lula - I am free of you  
Lula - finally...
