West Indian Girl, Sofia

If I should leave and never return, lite a candle and let it burn Cause light transcends time And when it's raining on the avenue, a wind will blow me back to you This time it's for real

Come home, Sofia

If you see a light just off the road, a line of footsteps in the snow Don't stop, you're almost home Knock three times and ring the bell, you'll hear a voice you knew so well It takes you from the cold

Come home, Sofia

She's floating up to outer space And this time it's for real When I look back it comes to me Love is a symphony and She and God are one

Come home, Sofia
