

# Wet Fingers, Like This

Baby like that,  
Come and break the silence  
Doing like this,  
Cuz the time is ours  
Baby like that,  
I'm in love so girl just give it up and move me -  
Yeah?

Feel me come alone,  
To you - like that  
I've been waiting long,  
To get you - like that

Baby you're all that I'll ever see or think about,  
will you always be there for me,  
Show me the love that I'm doing,  
Always come true for me - yeah !

Baby like that,  
Come and break the silence  
Doing like this,  
Cuz the time is ours  
Baby like that,  
I'm in love so girl just give up and move me -  
Yeah? / 2 razy /

Doing like that,  
Like that  
Doing like that,  
Like that,  
Like that

Trust me with your heart,  
And you'll see,  
I'll come back  
show me you could start,  
To be free,  
Just like that

Cuz we all know there I can never think about,  
and I know there's one girl for me,  
You could show me you're true and I'll be there for you,  
To be in the town,

Baby like that,  
Come and break the silence  
Doing like this,  
Cuz the time is ours  
Baby like that,  
I'm in love so girl just give up and move me -
