

# Wham!, Heartbeat

Another summer  
Another vacation is over  
It is September now with the sun and the smell of the clover  
Down by the gate we sit and watch all our friends go by  
And pretend we don't hear the bell that rings through the summer sky

I was happy with the kisses she gave me  
It is just that happy was all she made me  
Happy that was until I saw you

(Chorus)  
Heartbeat  
Heartbeat, what do you bear me now  
You hurt me, desert me in my darkest hour  
Heartbeat  
Heartbeat, Why do you keep me here  
How help but admire her beauty

Standing on the line between desire and duty  
Heartbeat  
Heartbeat, it'll end in tears

I need a lover when love is such dangerous place to be  
If we were meant for each other then why don't you answer me  
Don't keep me waiting, you know I long to be by your side  
We could even be together tonight

I was happy with the kisses she gave me  
But now there's nothing on earth can save me  
Why should I care I can't have you

(Chorus)
