

# Whitesnake, Slow poke music

Y'know the joint was jumping  
Like a dancing fool,  
I saw you standing in the corner  
Looking oh, so cool.  
I had a word with the D.J.  
To make the music hot,  
I'm gonna get you on the dance floor  
If you are ready or not.  
Slow poke music,  
I'll get you down to the bone.  
Slow poke music,  
I'll never leave you alone, I'll never leave you.  
When you move it to the left,  
Or you shake it to the right,  
No matter what you do, babe,  
It's like dynamite.  
With your sweet French perfume  
An' that criminal walk,  
You know you'd melt my ice cream  
With your body talk.  
Slow poke music,  
I'll get you down to the bone.  
Slow poke music,  
I'll never leave you alone, I'll never leave you.  
I'm gonna shake you down,  
Girl, I'm won't do you no harm.  
(Solo)  
Well, you move so fine,  
Like stepping on glass,  
An' when you give me that smile,  
I see lightning flash.  
East an' West, North an' South,  
Oh babe, you're so hot  
I'm gonna melt in your mouth.  
Slow poke music,  
I'll get you down to the bone.  
Slow poke music,  
Get into it, babe,  
Slow poke music,  
I'll nail it down to the bone.  
Slow poke music,  
Baby, baby, baby, baby.  
Grl, I'll never leave you alone.
