

# Whitney Houston, Dancin' on the smooth edge

Boy, you drive me crazy  
You sure got a lot of nerve  
The way you take your sweet time  
All around me like your work of art  
Who said you know me so good  
You're a dangerous angel  
Should have seen right from the start  
Still I'd never change you  
Anyway?

Chorus 1:

You've got me dancin on the smooth edge (2x)  
Hearts on fire  
Filled with desire  
And I'm waiting for the words you say  
On the smooth edge (2x)  
So funny how the night just slips on by  
In a long slow dance with you  
Crazy how you keep on leading me boy  
To a place beyond taboo  
You're a cool persuader  
Hey don't you have no shame  
Still I'm gonna take you  
Anyway?

Chorus 2:

You've got me dancin on the smooth edge (2x)  
Hearts on fire  
Filled with desire  
And I'm reaching for your every move  
Dancin on the smooth edge  
On the smooth edge  
Smooth edge, smooth edge  
Oh, oh you're an angel, yes you are

Chorus 3:

You've got me dancin on the smooth edge (2x)  
Hearts on fire  
Filled with desire  
And I'm deeper, deeper in love with you  
Dancin on the smooth edge
