## Whitney Houston, Dancin' on the smooth edge

Boy, you drive me crazy You sure got a lot of nerve

The way you take your sweet time

All around me like your work of art

Who said you know me so good

You're a dangerous angel

Should have seen right from the start

Still I'd never change you

Anyway?

Chorus 1:

You've got me dancin on the smooth edge (2x)

Hearts on fire

Filled with desire

And I'm waiting for the words you say

On the smooth edge (2x)

So funny how the night just slips on by

In a long slow dance with you

Crazy how you keep on leading me boy

To a place beyond taboo

You're a cool persuader

Hey don't you have no shame

Still I'm gonna take you

Anyway?

Chorus 2:

You've got me dancin on the smooth edge (2x)

Hearts on fire

Filled with desire

And I'm reaching for your every move

Dancin on the smooth edge

On the smooth edge

Smooth edge, smooth edge

Oh, oh you're an angel, yes you are

Chorus 3:

You've got me dancin on the smooth edge (2x)

Hearts on fire

Filled with desire

And I'm deeper, deeper in love with you

Dancin on the smooth edge
